ARTHUR C. CUSTANCE

1910-1985

Arthur C. Custance was born and educated in England and moved to Canada in 1928 when he was 19. In his second year at the University of Toronto he was converted to faith in Christ. The experience so changed his thinking that he switched courses, obtaining an honours M.A. in Hebrew and Greek. His continuing biblical studies led to a keen interest in biblical archaeology and anthropology. He completed his Ph.D. at the University of Ottawa in 1959 while serving as head of the Human Engineering Laboratories of the Defence Research Board in Ottawa (Canada) engaged in research work for 15 years. His writings are characterized by a rare combination of scholarly thoroughness and biblical orthodoxy.

JOURNEY OUT OF TIME

ABSTRACT

We are great travellers! Nowadays we can travel to the far corners of a world which has become a kind of 'global village'. Even travel to outer space is likely to be a reality in the near future. As exciting as space travel is for some people, so is the prospect of that inevitable journey we shall all make when we leave this world and move into the world of eternity. It is a journey that begins at death: yet death is not annihilation nor even a recycling. It is, instead, an exit from one kind of experience and an entrance into a far larger kind of experience.

So we ask, What does it mean to exit out of this world of space and time and find ourselves in the timeless (perhaps spaceless?) world of eternity? How "long" will it take? How does one "go" there? What happens at the moment of death? These are the questions addressed by this book, and it stirs the imagination, stills the fears we have of that "King of Terrors" -- Death, and brings us hope!

DEDICATION

I wish to acknowledge a continuing debt to Evelyn White, my co-worker in times of despair and in times of triumph over the past quarter of a century.
To her I dedicate this volume with a deep sense of thankfulness to the Lord.

ACKNOWLEDGMENTS

Many have helped me to put this volume into shape: some by just being good listeners, some by being valuable critics, and some by giving their time and energies in the mere mechanics of indexing and proof reading.

To them all I express my sincere thanks, especially to Dr. Ray Stedman for his unfailing enthusiasm and encouragement, and to Jean Messner for undertaking the laborious task of working out the Index of Biblical References and of Names, and for helping so pleasantly with the forming of the Subject Index, a tiresome but most important part of producing such a book.
